Nippers Nutrition

We have been trying different food this week at snack time. We have had fish paté also we picked runner beans from our garden and cooked them.

Make your own Fish Paté at home with your child using our recipe:

Ingredients

- 1 can sardines or mackerel in oil (or tomato sauce)
- 100g/4oz full fat soft cheese
- Juice of 1 lemon
- Pepper

Method

1. Remove the skin from smoked mackerel or sardine and drain in a sieve
2. Place the fish and soft cheese in a bowl and mash together thoroughly with a fork
3. Cut the lemon in half squeeze out the juice, add to the fish mixture and season with pepper.

Chill until ready to serve - perfect with bread sticks or cucumber!

Speaking

This year our main focus is on supporting your child to develop their speech and speaking skills. This includes:

- developing their vocabulary and words that they understand
- helping them develop their listening skills to hear different noises around them.

We all sign with Makaton at Camborne Nursery- it supports ALL children's communication skills and lets them ALL interact with each other. Have a look on our what we are learning board for the signs this week.

If you are worried about your child's speech and language skills, or worried about their hearing, please come in to have a chat with Carrie or Katie about it.
